Dr. Coldwell endorses The Helping America Company's Ionic Silver Hydrosol...

I personally use Helping America's Silver Hydrosol and have for quite some time now. My family, friends and all those I love and care about are using this Silver and seeing wonderful results. I carry some of this with me and when I was practicing I recommended it to my patients, and so do my student MD's like Dr Hohn or Dr Crone, which by the way we have seen it easily beat Lyme Dis-ease. The well known medical scientist Dr. Paul Farber contracted Lyme Dis-ease in the early 90's and also cured himself of Lyme quickly with a Colloidal Silver.

It's comforting to know that we have a safe, natural and powerful solution to help safeguard us in this ever so increasingly dangerous microbial and pathogenic resistant and persistent era in which we live. **This is the only Silver product that I promote and endorse. I do so freely with absolutely no payment or personal benefit what so ever. I do not sell or accept any payments for my recommendations.** Kevin, the owner and founder of Helping America is always there to assist and answer my friends and mines questions, which is quite rare now as most companies you must talk to a machine or an ordering department. Kevin has over 10 years experience with this Silver Hydrosol as well as some other wonderful health benefiting products. I know Kevin and his family and pets all personally use these things.

The Silver Hydrosol from Helping America is a premium grade advanced form of Colloidal Silver and provides us with a great level of protection and works both internally and externally. It is lethal to the bacteria for example, like Staphylococcus aureus (Staph infection) which is becoming alarmingly rampant.

Staphylococcal (staph) infections are communicable dis-ease in the body caused by certain bacteria and generally characterized by the formation of abscesses. **They are the leading cause of primary infections originating in hospitals in the United States.** Classified since the early twentieth century as among the deadliest of all dis-ease causing organisms, staphylococcal bacteria exist on the skin or inside the nostrils of 20 to 30 percent of healthy people. Also sometimes found in breast tissue, the mouth, and the genital, urinary, and upper respiratory tracts. Staph bacteria are usually harmless; however, when an injury or a break in the skin enables or allows the organisms to invade the body and overcome the body's natural defenses, consequences can range from minor discomfort to death.

A very simple, safe and cost effective solution... A few sprays of Ionic Silver Hydrosol externally on cuts, sun and all types of burns, bites, breakage of skin anywhere and even existing infections will in most cases, if applied correctly (covering the entire area) and often during the healing process will safely kill any invading bacteria and promote rapid infection free healing. Even if you only get a chance to spray the area just once you will experience great results as this is a very effective product. **There are no known interactions or negative reactions with the use of silver.** There is, however, a great deal of scientific studies and a long documented history of the efficacy of silver use. I am not going to go into all of that here but I will provide you with some now. Dr. Robert Becker is probably one of the most well known Colloidal Silver researchers and is also a bestselling author.

Dr. Robert O. Becker, Orthopedic Surgeon, and Noted Biomedical Researcher From Syracuse Medical University and Best Selling Author Wrote, **"Silver did more than kill disease causing organisms, it promoted major growth of bone, and accelerated the healing of injured tissues by over 50%!** He also found that silver **stimulates healing in the skin and other soft tissues in a way unlike any known natural process.** Silver deficiency was responsible for the improper functioning of the immune system. Burn patients and even elderly patients notice more rapid healing. Dr. Becker also discovered that all cancer cells change back to normal cells and virtually all strains of pathogens resistant to pharmaceutical antibiotics are killed by silver! He also discovered that the **silver was promoting a new kind of cell growth which looked like the cells of children!"** These cell grew fast, he wrote "producing a diverse and surprising assortment of primitive cell forms able to multiply at a great rate then differentiate into the specific cells of an organ or tissue that had been injured, even in patients over 50 years old. **"In no case were undesirable side-effects of the silver treatment apparent.** Dr. Becker also discovered that a silver impregnated nylon dressing attached to a small battery would cause previously untreatable osteomyelitis and bones that refuse to knit to heal quickly. This combination of silver and tiny electric currents worked so well that it is a standard practice today, when broken bones refuse to knit, to use Dr. Becker's electrified silver process.

Dr. Robert Becker, "The Body Electric and Cross Currents," recognized a correlation between low silver levels and sickness. He said the silver deficiency was responsible for the improper functioning of the immune system. Becker, R. & Selden, G. (1985). The Body Electric: Electromagnetism and the Foundation of Life. New York, NY:

Colloidal silver was one of the few substances on earth that was successfully used against anthrax and other plague like pathogens in the early 1900's prior to the advent of modern day antibiotics as verified by the book, Colloids In Biology And Medicine, by H. Beckhold, pages 364 thru 376. According to researcher James South, MA., as early as 1887 a number of researchers had **discovered that silver- both in the liquid solution and as an airborne aerosol was toxic to deadly anthrax spores.**(Ref: N. Grier, Silver and Its Compounds in Disinfection, Sterilization and Preservation, S. Block ed., Philadelphia: Lea& Febiger, 1983, pp. 380-428; H. Beckhold, Colloids in Biology and Medicine, N.Y.,: D. Van Nostrand, 1919, pp. 364-376; Anti-Aging Bulletin, International Anti-Aging Systems, Vol. 4, Issue 3, April-May, 1999, "Hi Yo Silver Away!" by James South, M.A.)

Today silver is used commonly by many of the major airlines to prevent bacterial contamination to the water supply. **NASA uses a silver water purification system for the space shuttle.** Silver is also used in thousands of spas and swimming pools around the country to kill the growth of harmful microbes.

Colloidal Silver has long been **recognized by medical experts as one of the most potent antidotes on earth for food poisoning.** Colloidal Silver easily killed e-coli food poisoning bacterium reported in 1928 by a researcher named Schweizer. In 1937 a researcher named Mallman confirmed that silver ions killed e-coli. In 1982, Dr. J. Cowlshaw again confirmed the effectiveness of electrically generated colloidal silver against e-coli and other microorganisms associated with food poisoning. **Dr. Bjorn Nordstrom, of the Karolinska Institute, Sweden, has used silver in his cancer treatment method. He says the whole thing is quite simple. This brought rapid remission in patients given up on by other doctors.**

As for the safety of this silver solution I can tell you that I would have **no second thoughts to even spraying this in children's eyes for Pink Eye or any eye infection, vision problem or accident.** Doctors have been putting a form of silver called silver nitrate in baby's eyes immediately after birth for many, many years to safely kill bacteria and any virus that may have been subjected to the eyes in the birth canal. This has worked wonderfully well and many doctors still do this today. As a matter of fact, if we used Silver Hydrosol, which is a much more advanced and safer form of silver (silver ions – smaller than the human cell) I am sure we would see even greater results in protecting the vision! Completely safe, even **safer than the water you are drinking right now** because this silver solution is suspended into very pure water (purer than you or I would have the capability of making) and no bacteria can grow in here with the silver ions. "Colloidal Preparations of Silver in Pharmacy," British Medical Journal, February 1923: "Pure Silver is entirely non-irritant. In tests at very high concentrations, it has been shown repeatedly that the rapidly exerted disinfectant action is of considerable therapeutic value."

Quoting, Dr. Richard Davies, The Silver Institute, Wash, Vol. 18, 4, p. 295. "Silver, Our Mightiest Germ Fighter," Science Digest, March 1978. **As an antibiotic, colloidal silver kills over 650 disease causing organisms, and resistant strains fail to develop. Silver is the best all-around germ fighter we have and is absolutely non-toxic! Doctors report that, taken internally, it works against syphilis, cholera, malaria, diabetes and severe burns.** Bio Tech News 1995 Richard L. Davies, executive director of the Silver Institute which monitors silver technology in 37 countries, reports: "In four years we've described 87 important new medical uses for silver."

Searle, A.B. The use of Colloids in Health and Disease. The British Medical Journal. Nov, 1913, p. 83 Dr. Henry Crookes. Colloidal Silver is proven particularly effective in cases of intestinal troubles. **Dr. Henry Crookes found that Silver in the colloidal state is highly germicidal, quite harmless to humans and absolutely nontoxic.** Rather than in a chemical compound, the Silver, in the colloidal state, may be applied in a much more concentrated form, with correspondingly better results. **All fungus, virus, bacterium, streptococcus, staphylococcus, and other pathogenic organisms are killed in three of four minutes; in fact, there is no microbe tested that was not killed by Colloidal Silver in six minutes or less, using a dilution of as little as five parts per million, though there are no side effects whatsoever from high concentrations.**-"Use of Colloids in Health and Disease," quoted in "Report: Colloidal Silver," Health Consciousness, Vol. 15, No.4.

"Silver aids the developing fetus in growth, health, and eases the delivery and recovery". -"Report: Colloidal Silver," Health Consciousness, Vol.15, No.4

With the potential and capability of eliminating a great deal of illnesses, pain and suffering while strengthening - boosting and protecting you, your pets and even your foods, Silver Hydrosol is in my opinion "A No-Brainer".

There is nothing like this on the planet. No other supplement, mineral, herb or food has the instant, fast acting power and endless capabilities and vast uses that Ionic Silver Hydrosol (ISH) has, nor has any other - touted to have saved as many lives. Once you experience it you'll never go without it again.
